Preface xiii

1

Introduction to the Algae 1

Definition 1

The Occurrence and Distribution of Algae 2

Place of Algae in the Plant Kingdom 6

Form of the Algal Plant Body 6

Algal Reproduction 8

Cultivation of Algae in the Laboratory 14

Classification 16

The Fossil Record of the Algae 17

Biological and Economic Aspects of Algae 28

2

Division Cyanochloronta 31

Introduction 31

Occurrence and Habitat 32

Nitrogen Fixation 34

Cellular Organization 34

Motility 39

Form 39

Nutrition 39

Reproduction 40

Classification 43
Order 1. Chroococcales 44
Order 2. Chamaesiphonales 48
Order 3. Oscillatoriales 50

3

Division Chlorophycophyta 63

General Features 63
Reproduction 68
Classification and Key to the Orders 68
Order 1. Volvocales 69
Orders 2. Tetrasporales, 3. Chlorococcales,
4. Chlorosarcinales, and 5. Chlorellales 103
Order 2. Tetrasporales 104
Order 3. Chlorococcales 114
Order 4. Chlorosarcinales 127
Order 5. Chlorellales 133
Order 6. Ulotrichales 140
Order 7. Chaetophorales 149
Order 8. Oedogoniales 159
Order 9. Ulvales 167
Order 10. Cladophorales 180
Order 11. Acrosiphoniales 186
Order 12. Caulerpales 190
Order 13. Siphonocladales 211
Order 14. Dasycladales 216
Order 15. Zygnematales 225
Classification and Phylogeny of the Green Algae 244

4

Division Charophyta 247

Vegetative Morphology 248
Reproduction 250

5

Division Euglenophycophyta 255

Nutrition 257
Order 1. Eutreptiales 258
Order 2. Euglenales 258
Order 3. Heteronematales 265

6

Division Phaeophycophyta 267

- General Features 267**
- Reproduction 271**
- Classification and Key to the Orders 273**
- Order 1. Ectocarpales 274**
- Order 2. Ralfsiales 282**
- Order 3. Chordariales 286**
- Order 4. Sporochneales 292**
- Order 5. Desmarestiales 292**
- Order 6. Cutleriales 296**
- Order 7. Sphacelariales 297**
- Order 8. Tilopteridales 302**
- Order 9. Dictyotales 303**
- Order 10. Dictyosiphonales 308**
- Order 11. Scytosiphonales 313**
- Order 12. Laminariales 317**
- Order 13. Fucales 343**

7

Division Chrysophycophyta 357

- Introduction 357**
- 1. **CLASS CHRYSOPHYCEAE 361**
 - Classification 362**
 - REPRESENTATIVE GENERA 363**
 - Order 1. Ochromonadales 363**
 - Order 2. Phaeothamniales 368**
 - Order 3. Chromulinales 369**
 - Order 4. Craspedomonadales 370**
 - Order 5. Dictyochales 372**
 - Order 6. Chrysosphaerales 374**
 - Order 7. Thallochrysidales 374**
- 2. **CLASS PRYMNESIOPHYCEAE 374**
 - Cell Covering 376**
 - Reproduction and Life Histories 377**
 - REPRESENTATIVE GENERA 379**
 - Order 8. Isochrysidales 379**
 - Order 9. Prymnesiales 379**
- 3. **CLASS XANTHOPHYCEAE 384**
 - Classification 385**
 - Order 10. Heterochloridales 386**
 - Order 11. Mischococcales 386**
 - Order 12. Tribonematales 388**
 - Order 13. Vaucheriales 389**

4. CLASS EUSTIGMATOPHYCEAE 393
CHLOROMONADOPHYCEAE 396
Order 14. Chloromonadales 396
6. CLASS BACILLARIOPHYCEAE 397
Structure of the Diatom Frustule 399
Reproduction 405
Silicification 411
Movement in Diatoms 413
Habitats of Diatoms 413
Classification 416

8

Division Pyrrophytophyta 417

Introduction 417
The Cell Covering 419
Reproduction 422
Encysted Stages 426
The Nucleus 427
Distinctive Organelles 429
Bioluminescence and Circadian Rhythms 430
Red Tides and Toxins 432
Classification 439
REPRESENTATIVE GENERA 441
Order 1. Dinophysiales 441
Order 2. Gymnodiniales 443
Order 3. Noctilucales 444
Order 4. Peridinales 446
Order 5. Pyrocystales 448
Order 6. Prorocentrales 449

9

Division Rhodophycophyta 451

General Features 451
Reproduction and Life Histories 460
Classification 464
SUBCLASS BANGIOPHYCIDAE 467
Order 1. Porphyridiales 467
Order 2. Goniotrichales 469
Order 3. Compsopogonales 470
Order 4. Bangiales 471
SUBCLASS FLORIDEOPHYCIDAE 480
Order 5. Nemalionales 480
Order 6. Cryptonemiales 499

xi Contents

Order 7. Gigartinales 520
Order 8. Rhodymeniales 536
Order 9. Ceramiales 542

10

Division Cryptophycophyta 566

Appendix

Cultivation of Algae in the Laboratory 571

Introduction 571
Culture Media 571
Some Media for Freshwater Algae 572
Some Media for Marine Algae 575
Conditions of Cultivation 577
Sources of Algal Cultures 578

Glossary 579

References 599

Taxonomic Index 687

Subject Index 699
